Winds (mph)	NW→NE 15-20 G25-30	E→SE 15-20	SW 25-30 G40

**Extended forecast** – The cold front will be pushing through the area early Saturday morning with lingering showers possible through around 8-9am. Then drier conditions will return late morning with clearing skies expected for the afternoon. Sunday will start the day dry before the front lifts back to the north as a warm front bringing the chance for showers late in the day into Sunday evening. A stronger cold front will move across the area Monday bringing a band of rain and isolated thunderstorms during the afternoon. It will be windy out of the southwest with gusts to 40 mph possible.

Forecast prepared by meteorologist Stewart Williams.
